① Name of the Film: "Mission Mangal"

② Theme of the Film:

"Mission Mangal" is a Bollywood film that revolves around the true story of India's Mars Orbiter Mission (Mangalyaan). The film celebrates the remarkable journey of a group of scientists and engineers at the Indian Space Research Organization (ISRO) who successfully launched India's first interplanetary mission to Mars.

③ Main character:

The film features an ensemble cast with Akshay Kumar playing the role of Rakesh Dhawan, a determined project director at ISRO. Vidya Balan, Taapsee Pannu, Nithya Menen, Kirki Kulhari and Sonakshi Sinha portray their key female

scientists who played pivotal roles in the mission.

④ Social Impact:

"Mission Mangal" carries a significant social impact by shedding light on the dedication and expertise of India's scientists, particularly women, in the field of space exploration. It highlights their extraordinary contributions and challenges stereotypes, showcasing the power of teamwork and determination. The film serves as an inspiration to the youth, encouraging them to pursue careers in science and technology.

⑤ Learning / Take away from the Film:

The film imparts several important lessons. It underscores the importance of perseverance, innovation, and teamwork in achieving seemingly impossible goals. It also promotes gender equality and the belief that women are just as capable as men in scientific endeavors. Furthermore, "Mission Mangal" instills a sense of national pride, emphasizing that India is capable of making significant contributions to space exploration.

⑥ Critical Evaluation of the Film:

While "Mission Mangal" is a commendable film, there are a few areas that could have been improved. The film occasionally veers into melodrama, which can be distracting. Additionally, some characters are not as fully developed as others, and a deeper exploration of their personal journeys and challenges would have added more depth to the narrative.

⑦ Your Own Rating of the Film:

I would give "Mission Mangal" a rating of 4 out of 5 stars. Despite its minor flaws, the film successfully delivers an inspiring and ~~de~~ entertaining story that captures the spirit of scientific achievement and teamwork. It is a must-watch for those interested in India's space endeavors and for anyone seeking a dose of national pride & motivation.
